

Accu Heggenschaarspray

Product Data Sheet | Art.no 26.019

Description

High-quality lubricant especially for battery powered hedge trimmers and other electrically powered gardening machinery, whose moving parts must be lubricated and protected. Prevents rust and deposits on the blades. Safe for plastic, rubber and paint. Keeps the blades clean and offers long-term preservation.

Available in

400ml

Application

Suitable for all brands of battery powered hedge trimmers whose metal parts must be lubricated. Also suitable for petrol-driven gardening machinery and other tools.

Instructions for use

During use, spray the blades regularly, depending on the type of hedge and the resin formation. After completing the work, spray the blades thoroughly. If the hedge trimmer is not used for an extended period, we recommend that you clean the blades with Agealube Bio Cleaner, allow the blades to dry completely and then spray them completely.
